At the age of six I was discovered by a local newspaper, that gave me the chance to be in a national beauty contest, and I won. When I was twelve, I worked with a fashion designer and promoted his clothing for about one year. By the age of thirteen, I started to get into dancing and modeling at hair fashion shows for the hair line “Strauss”. 1995 I started to rap and sing and I was the first local female rapper in St. Gallen, Switzerland. Tenaj is another artist with that edge to succeed. Seriously dedicated to her passions as a musical artist. She is very much determined to make a name for her self that will entrench her into this business. This is definitely an artist to be on the look out for. Make no mistake about her. She’s got it covered.
